Empowering Educators, Transforming the Future

The Master of Education (M.Ed.) at GlobalNxt University is a two-year, research-based programme for aspiring educators and professionals aiming to advance their careers in the evolving education sector.

Our M.Ed. programme equips learners with advanced skills and knowledge to thrive in Malaysia and beyond, meeting the demands of a knowledge-based economy. This programme offers a fully online learning experience tailored to working adults. The curriculum broadens practical expertise in education, focusing on developing professional competencies to address challenges in knowledge management.

What sets this programme apart is its flexibility and relevance to real-world issues. Learners complete two focused research modules before their dissertation, allowing deep engagement with significant issues. Research topics span areas like Outcome-Based Education (OBE), Artificial Intelligence (AI), curriculum development, pedagogy, adult learning, early childhood education, remote learning, and more.

With 24/7 access to online learning materials and library resources, students can integrate education into their busy lives. Faculty members provide personalized guidance and support, ensuring an enriching educational journey.

The M.Ed. programme attracts a diverse cohort of experienced professionals, typically aged 30 to 60, who complete the programme in 24 months, emerging with the skills to drive innovation in education.

Freedom to Select Your Area of Research

Tailor your area of research to your specific interests and career goals for a completely customized learning experience.

Work-Study Synergy

Learn as you work with a curriculum that is designed to synergise work and study. The programme is designed to equip you with both practical and theoretical knowledge about real-world business challenges.

Milestone Based Progression

Control your progression through the programme at your pace and learning style.

Our interactive online learning environment engages students and encourages ongoing communications between students and their professors that stimulates learning and ensures a high-quality educational experience in all our graduate school.

Dr. Chinmoy Sahu
Vice Chancellor
